SUMMARY

Product designer with a background in engineering, UX/UI, graphic design, and front-end development. Experienced in designing end-to-end digital experiences, from user research and interaction design to responsive interfaces and functional prototypes. Combines user-centered design, code, and AI-assisted workflows to turn complex problems into intuitive, accessible, and production-ready experiences.

EDUCATION

Advanced Diploma in Interaction Design | George Brown College, Toronto, ON

- Dean's Honour List.
- Coursework in visual design, 3D modeling, augmented reality (AR), and interactive media.
- Developed skills in user-centered design through research, prototyping, and usability testing.

Studies in Chemical Engineering (Coursework Completed) | Chungnam National University, South Korea

- Developed strong analytical thinking and problem-solving skills, now applied to UX design and structured design thinking.

EXPERIENCE

Web Designer | SMG Corp, South Korea | Nov 2020 - Nov 2021

- Designed and developed responsive web magazines and event websites primarily for public-sector clients, delivering consistent experiences across desktop, tablet, and mobile devices.
- Built and shipped functional, interactive web pages using HTML, CSS, and JavaScript, translating high-fidelity designs into responsive digital experiences.
- Collaborated closely with developers by providing code-ready design specifications, ensuring accurate implementation of UI components.
- Refined digital experiences based on user feedback and WCAG accessibility guidelines.
- Designed and distributed digital newsletters, creating clear layouts and visually engaging content.
- Optimized visual hierarchy and typography for digital editorial content to improve readability and content clarity.

SKILLS

Front-end Development: HTML5, CSS3, Tailwind CSS, GSAP, JavaScript, TypeScript, React, Responsive Web Design, Component-based Design, AI-assisted coding (Claude, Cursor)

UX/UI Design: User Research, Journey Mapping, User Flows, Wireframing, Prototyping, Usability Testing, Information Architecture, Human-Computer Interaction (HCI), Accessibility (WCAG), Interaction Design

Design Tools: Figma, Framer, Adobe Creative Suite (Photoshop, Illustrator, XD, After Effects, InDesign), Cinema 4D, Blender, Unity
