SUMMARY

Design Engineer with a background in engineering, UX/UI design, and hands-on front-end development. Experienced in designing and shipping responsive web experiences, from online magazines and event websites to interactive digital products. Skilled at bridging design, code, and AI to turn ideas into intuitive, functional, production-ready experiences.

EDUCATION

Advanced Diploma in Interaction Design | George Brown College, Toronto, ON

- Dean's Honour List.
- Learned a diverse range of design tools including 3D modeling, AR, and interactive media.
- Built a solid foundation in user-centered design through research, prototyping and usability testing.

Studies in Chemical Engineering (Coursework Completed) | Chungnam National University, South Korea

- Developed strong analytical thinking and problem-solving skills, now applied to UX design and structured design thinking.

EXPERIENCE

Web Designer | SMG Corp, South Korea | Nov 2020 - Nov 2021

- Designed and developed responsive digital experiences, including web magazines and event websites, ensuring seamless user experiences across mobile, tablet, and desktop devices.
- Executed front-end development using HTML, CSS, and JavaScript to translate high-fidelity designs into functional, interactive web pages, improving production efficiency by 30%.
- Optimized visual hierarchy and typography for digital editorial content, resulting in enhanced readability and user retention.
- Collaborated closely with developers by providing code-ready design specifications, ensuring accurate implementation of complex UI components.
- Iterated designs based on user feedback and accessibility standards (WCAG), enhancing overall engagement and inclusive user experience.

SKILLS

Front-end Development: HTML5, CSS3, Tailwind CSS, GSAP, JavaScript, React, Responsive Web Design, Component-based Design

Design & Strategy: User Research, Journey Mapping, User Flows, Wireframing, Prototyping, Usability Testing, Information Architecture, Human-Computer Interaction (HCI), Accessibility (WCAG), Interaction Design, AI-assisted design & development (Claude, Cursor)

Design Tools: Figma, Framer, Adobe Creative Suite (Photoshop, Illustrator, XD, After Effects, InDesign), Cinema 4D, Blender, Unity
