Sumin Seo

Product Designer | thisissumin.com | emailsumin@gmail.com | linkedin.com/in/sumiin | Toronto, ON

SUMMARY

Product designer with a strong foundation in UX/UI design, front-end development, and visual design. Experienced in taking digital products from user research and interaction design to functional prototypes. Combines user-centered thinking, coding skills, and AI-assisted workflows to create intuitive, accessible, and engaging digital experiences.

EDUCATION

Advanced Diploma in Interaction Design | George Brown College, Toronto, ON | Dean's Honour List

Chemical Engineering Coursework | Chungnam National University, South Korea

EXPERIENCE & PROJECT

UX/UI Designer | Independent Project - Toast POS | July 2026

- Redesigned restaurant POS interfaces to improve usability and task efficiency.
- Identified two common errors that accounted for 75% of all mistakes through user research, then redesigned key interactions to address them.
- Reduced task completion time from 34 to 21 seconds (38% faster) in usability testing with 6 restaurant employees across 36 tasks.
- Built a functional, interactive prototype in React using AI-assisted coding tools.

Web Designer | SMG Corp, South Korea | Nov 2020 - Nov 2021

- Designed and developed responsive web magazines and event websites primarily for public-sector clients, across desktop, tablet, and mobile devices.
- Built and shipped functional, interactive web pages using HTML, CSS, and JavaScript.
- Collaborated closely with developers by providing code-ready design specifications, reducing handoff back-and-forth.
- Refined digital experiences based on user feedback and WCAG accessibility guidelines.
- Designed digital newsletters and editorial layouts, optimizing visual hierarchy and typography for readability.

SKILLS

Design: User Research, Journey Mapping, User Flows, Wireframing, Prototyping, Usability Testing, Information Architecture, Interaction Design, Human-Computer Interaction (HCI), Accessibility (WCAG)

Front-end: HTML, CSS, JavaScript, TypeScript, React, Tailwind CSS, GSAP, Responsive & Component-based Design, AI-assisted coding (Claude, Cursor)

Tools: Figma, Framer, Adobe Creative Suite (Photoshop, Illustrator, After Effects, InDesign), WordPress, Unity, Cinema 4D, Blender
